EMC Forms Value-Added Reseller Relationship with Boeing Subsidiary Continental DataGraphics

CYPRESS, Calif., March 20, 2006 – Continental DataGraphics (CDG), a subsidiary of The Boeing Company [NYSE: BA], today announced that it has formed a value-added reseller relationship with EMC Corporation [NYSE: EMC], the world leader in products, services and solutions for information storage and management. Under the terms of this agreement, CDG will now be able to offer the EMC Documentum suite of products and services to its customers.

"EMC has strong technology offerings along with an outstanding reputation for its ability to successfully execute and deliver," said Randy Gee, Director of Digital Document Solutions for CDG. "Their solutions are complementary to CDG's service offerings, and most importantly, EMC shares our knowledge and expertise in the key industries served by CDG. We were extremely pleased to be able to form this partnership with EMC, as it enables us to offer our customers a much broader range of solutions by aligning our service offerings side by side with EMC products."

The newly formed VAR alliance relationship with EMC will enable CDG to offer EMC technologies to complement CDG's digital imaging and information management services. They can also be combined as needed with system integration services to facilitate access to data on legacy systems. Gary Bluhm, Channel Manager for EMC commented, "We look forward to working closely with CDG in this new alliance relationship. Because of their high visibility in the aviation, aerospace and other industrial sectors, we felt they were a solid partner to help expand our offerings in this arena."

Based in Cypress, CA, CDG's Professional Services Group offers a highly skilled staff trained in EMC software implementation and support. They are available to consult with customers to analyze requirements for document and records management, scanning services, software, systems integration and other services available as a part of CDG's Digital Document Solutions offerings.

About CDG
Continental DataGraphics (CDG) is a wholly owned subsidiary of The Boeing Company. Established in 1969, CDG provides a comprehensive suite of products and services for the creation, conversion, management and delivery of information.
